★ LANNISTER ATTACHMENTS

GREGOR CLEGANE (*The Mountain*)

Q: Does **Unstoppable Fury** require a successful Charge to Panic the enemy?

A: No, merely declaring a Charge against an enemy makes them Panicked.

SANDOR CLEGANE (*The Hound*)

Q: Can multiple instances of **Cut Them Down!** affect the same enemy unit?

A: Yes, they will suffer +2 additional Wounds for each unit they are engaged with that has this Ability.

GUARD CAPTAIN

Q: Specific scenario: What if the Guard Captain is the last model in a unit of **Lannister Guardsmen**, can I use **At Any Cost**, killing the Captain, in hopes of triggering **Lannister Supremacy**?

A: Yes. It is quite unnerving to see a foe so dedicated that they refuse to fall by the enemy hand or run away.

★ LANNISTER TACTIC CARDS

FURY OF THE MOUNTAIN (GREGOR CLEGANE, THE MOUNTAIN)

Q: When exactly during the attack do I use this card?

A: *Fury of the Mountain* is used **before** Attack dice are rolled (and thus shares the same trigger with any similar effects/cards).

PAID MUTINY

Q: Is the "...and that unit suffers D3 Wounds" reliant on the unit failing their Morale Test, or does it just happen?

A: The entire effect only happens if the enemy unit fails their Morale Test, this includes the D3 Wounds.

★ ATTACHMENTS

Jaime Lannister (The Kingslayer)

- Ability: Kingslayer's Prowess reworked.

Design Notes: Jaime has been in a rough spot since his release, and its mainly due to his spot in the overall Lannister tool-kit. He wants to be the focus of the battlefield, but his cards warrant defense, and when it comes to his defensive-capabilities, his father Tywin has him beat. We've reworked Kingslayer's Prowess to better synergize with his innate Tactics Cards, namely in that it now recycles them, meaning as long as Jaime is alive on the battlefield he will continuously make attacking your units a losing proposal for your opponent.

Champion of the Faith

- Order: Stand Resolute removed.
- Ability: Unwavering Conviction added.

Design Notes: The Champion just wasn't seeing play, and this stemmed from the lack of overall synergy he had with the play-style and tactics of the Lannisters as a whole. With a focus on control and sustain, handing out re-active Vulnerable just didn't fit. He's been reworked to now, of all the "generic attachments" available to Lannisters be the go-to for sustain, granting the unit continuous healing. This is doubly useful in either of the "Faith Militant" units, given that it causes a Morale Test for Faith Token generation.

★ UNITS

Lannister Halberdiers

- Attack Dice increased by +1 across all ranks.
- Morale increased from "7+" to "6+"

Design Notes: Halberdiers were meant to be a sustained-combat option for the faction. Unfortunately they needed to have a bit more "bite" to fully accomplish this role. We didn't want to push them in an "elite" direction, as that is not the Lannister way, but a +1 boost across all ranks means this unit will be pitching a continuous 8 dice though the majority of their lifespan. In addition, we've given them a slight push in the Morale field to represent their training versus standard troops.

The Warrior's Sons

- To Hit increased from "4+" to "3+"
- Attack Dice at full ranks increased by +1
- Ability: Battle Prayer reworked

Design Notes: The Warrior's Sons are an expensive 8 point unit. During development, they fluxed between 7 and 8, eventually settling on 8. Field results have shown that, while they are "acceptable" at 8, we really want more for them than "acceptable". First, a small increase in their base-line attack profile to better represent their high-born training. Second, we've reworked the offensive-oriented part of Battle Prayer to better incorporate their new attack profile, with added offensive capabilities. The defensive-side of Battle-Prayer has undergone a more lateral shift, losing effectiveness at max ranks but increasing the unit to a terrifying 2+ save when the chips are down and faith is most important.

Kingsguard

- Ability: Joffrey's Retinue healing limitation removed.
- Baratheon Banner usage-limitation removed.

Design Notes: The Kingsguard should be one of the most frightening units to see across the table. Unfortunately, being only two ranks and without any ability to heal made them, for all their power, a glass-cannon in the extreme. To balance this, we've removed the healing restriction previously in place, upping the unit's survivability. Finally, to give them a further slight buff (and also to remove bookkeeping annoyances) we have also removed the "once-per-game" restriction on each of the Baratheon Banners. This greatly increases the tactical options of the unit, as they can now cater their use to the exact situation they need to.
